

**Falls Road Primary School**  
**NEWSFLASH**

**17 May 2023**

Dear Parents,

### **Walk to School Day**

A reminder that it is Walk to School Day. **Friday, 19 May** is our National Walk to School Day. This initiative aims to raise awareness of the health, road safety, transport and environmental benefits that regular walking (especially to and from school) can provide for the long-term well-being of our children.

Ways that we can prepare our children for walking to school safely are:

Map walking routes to school;

Teach your child about traffic safety rules, try to review traffic rules with them;

Help your child understand the environmental impacts they'd be making by curbing carbon emissions.

### **Upcoming Excursions**

A reminder that we have two excursions next week. Whiteman Park for Year One and the Dockers/Fever Cup for Year 6 students. Information has been sent home via Consent2Go. Please give permission by Consent2Go and make payment as soon as possible.

The account details are as follows:

**BSB: 633 000**

**Account: 154 725 592**

Falls Road Primary School – School Account.

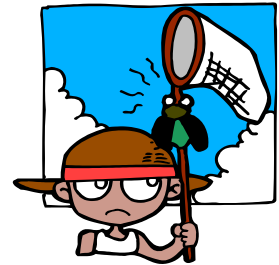

### **Uniform Shop**

We have a number of School Uniform orders in the office, ready for collection. If you have been notified that your order is ready, please come in and collect as soon as possible.

### **Head Lice**

It has come to our attention that there may be head lice in the class. To determine if your child has been infected with head lice, we are asking all parents to inspect their child's hair. We suggest that you look for the following symptoms or signs that would indicate the presence of head lice:

- **General..... child scratching his/her head excessively;**
- **On pillows... fine black powder or pale coloured material;**
- **In the hair.... signs of lice eggs ("nits") - cream or coffee-coloured specks close to hair roots;**
- **Lice.... small white or 'greyish' parasites the approximate size of a pinhead.**

If you notice any of the above signs or if you require any further information, please contact your local pharmacy as treatment is readily available and easy to apply. Additionally, you can visit Healthy WA [https://www.healthywa.wa.gov.au/Articles/F\\_I/Head-lice](https://www.healthywa.wa.gov.au/Articles/F_I/Head-lice). We encourage you to ensure that this problem is solved quickly by determining if your child is affected and seeking a recognised head lice treatment if necessary.
