Dear Dan

I am pleased to advise that the Public School Review of Falls Road Primary School has been completed. I endorse the report and am satisfied it will provide a basis for sustained school improvement.

The timeframe for the next Public School Review of your school has been determined through your self-assessment submission and validated by the review team as 3 years. The review is to be scheduled for 2028. You will be formally notified in the 2 terms leading up to your school's scheduled review.

I acknowledge the efforts of you and your staff in creating the conditions for successful students. The areas your school and the review team validated for commendation and those for which there are recommendations for ongoing improvement are noted.

The review team identified a culture of collaboration at Falls Road Primary School, with staff engaging in collegial practices with a clear sense of professional purpose.

I note the staff's commitment to reflective performance development practice and the recent introduction of instructional coaching to provide further targeted feedback to teachers. I understand that the introduction of instructional coaching is supporting teaching staff through the implementation of consistent, evidence-based instructional practices.

It was reported to me that the school has taken a considered and authentic approach to its journey toward cultural responsiveness. I am aware that the discussion with School Board representatives during the validation visit demonstrated a strong awareness of the school's role in supporting reconciliation within the local community.

As stated in the initial correspondence, please make the report available to your staff and school community and upload it to your school website and/or Schools Online for a minimum period of 12 months.

I know you, your staff and school community will take the opportunity to use this report to continually improve outcomes for your students.

Yours sincerely

Steven Watson
